

Care Team →

The Care Team is a multidisciplinary group of experts working to streamline care coordination, develop comprehensive care plans, and ensure a collaborative approach to promoting student wellbeing. Care Team Offices include:

University Counseling Service, Student Health, Student Care & Assistance, Student Wellness, Threat Assessment Team

→ Who Benefits From Care Team?

Students..

- Stepping down from higher levels of care
- With complex mental health concerns
- Experiencing non-imminent risk to self/others
- Interest/need coordinated support from a multidisciplinary team

→ Connecting Students

- Referrals may be sent to UCS Casemanagement Email (see below)
- Students may self-refer by calling scheduling an initial consultation appointment with UCS
- All referrals should indicate interest in accessing Care Team

Care Team is a supplemental, coordinated care option. It is not a replacement for higher levels of care or crisis stabilization.
